

Colt Legacy

United States. Supreme Court

Colt Legacy:

The Colt Legacy Ellsworth S. Grant, 1982 **Supreme Court Reporter**, 1884 Colt William N. Hosley, 1996

Beginning with an account of Sam Colt's early failures as both inventor and businessman William Hosley traces the development in the pre Civil War years of the notorious Colt revolver The Gun That Won the West into the first truly global manufacturing export in U S history *A Story of Sunshine and Shadow* David W. Granston (III), 2016 Elizabeth H Colt's life and legacy has been largely overshadowed by that of her husband Colonel Samuel Colt Although recent scholarship has retrieved her name from obscurity the full extent of her legacy has not been fully considered This thesis aims to further understanding of Elizabeth Colt who following the tragic losses of her husband and children used material objects to memorialize their lives Working with some of the most talented artists and architects of her time Mrs Colt crafted a material legacy in Hartford ensuring that the memory of her deceased family members would live on indefinitely Using primary sources such as personal correspondence journals and architectural renderings and drawing from period newspaper articles the meaning and symbolism behind these memorials themselves becomes far more evident Examination of the art and architectural works she commissioned provides a more comprehensive understanding of Elizabeth Colt's desires emotions and personal life Situating her within the context of nineteenth century mourning culture it is clear that Elizabeth Colt was at once the every woman in her strong sentimentality and desire to memorialize her loved ones but with seemingly unlimited financial resources was completely unique in the memorial objects she crafted The buildings and works of art that Elizabeth commissioned remain integral to the Colt legacy in Hartford today and preserve the names of her husband and children By understanding their design and the events that led to their creation however these objects also speak volumes about the life and legacy of Elizabeth Colt *Cases Argued and Decided in the Supreme Court of the United States*, 1919 *Reports of Cases Argued and Decided in the Supreme Court of the United States* United States. Supreme Court, 1901 Complete with headnotes summaries of decisions statements of cases points and authorities of counsel annotations tables and parallel references **Cases Argued and Decided in the Supreme Court of the United States** United States. Supreme Court, 1886 **The Gunning of America** Pamela Haag, 2016-04-19 Americans have always loved guns This special bond was forged during the American Revolution and sanctified by the Second Amendment It is because of this exceptional relationship that American civilians are more heavily armed than the citizens of any other nation Or so we're told In *The Gunning of America* historian Pamela Haag overturns this conventional wisdom American gun culture she argues developed not because the gun was exceptional but precisely because it was not guns proliferated in America because throughout most of the nation's history they were perceived as an unexceptional commodity no different than buttons or typewriters Focusing on the history of the Winchester Repeating Arms Company one of the most iconic arms manufacturers in America Haag challenges many basic assumptions of how and when America became a gun culture Under the leadership of Oliver

Winchester and his heirs the company used aggressive sometimes ingenious sales and marketing techniques to create new markets for their product Guns have never sold themselves rather through advertising and innovative distribution campaigns the gun industry did Through the meticulous examination of gun industry archives Haag challenges the myth of a primal bond between Americans and their firearms Over the course of its 150 year history the Winchester Repeating Arms Company sold over 8 million guns But Oliver Winchester a shirtmaker in his previous career had no apparent qualms about a life spent arming America His daughter in law Sarah Winchester was a different story Legend holds that Sarah was haunted by what she considered a vast blood fortune and became convinced that the ghosts of rifle victims were haunting her She channeled much of her inheritance and her conflicted conscience into a monstrous estate now known as the Winchester Mystery House where she sought refuge from this ever expanding army of phantoms In this provocative and deeply researched work of narrative history Haag fundamentally revises the history of arms in America and in so doing explodes the cliché that have created and sustained our lethal gun culture

United States Supreme Court Reports United States. Supreme Court, 1901 First series books 1 43 includes Notes on U S reports by Walter Malins Rose

A Story of Sunshine and Shadow David W. Granston, 2016 Elizabeth H Colt's life and legacy has been largely overshadowed by that of her husband Colonel Samuel Colt Although recent scholarship has retrieved her name from obscurity the full extent of her legacy has not been fully considered This thesis aims to further understanding of Elizabeth Colt who following the tragic losses of her husband and children used material objects to memorialize their lives Working with some of the most talented artists and architects of her time Mrs Colt crafted a material legacy in Hartford ensuring that the memory of her deceased family members would live on indefinitely Using primary sources such as personal correspondence journals and architectural renderings and drawing from period newspaper articles the meaning and symbolism behind these memorials themselves becomes far more evident Examination of the art and architectural works she commissioned provides a more comprehensive understanding of Elizabeth Colt's desires emotions and personal life Situating her within the context of nineteenth century mourning culture it is clear that Elizabeth Colt was at once the every woman in her strong sentimentality and desire to memorialize her loved ones but with seemingly unlimited financial resources was completely unique in the memorial objects she crafted The buildings and works of art that Elizabeth commissioned remain integral to the Colt legacy in Hartford today and preserve the names of her husband and children By understanding their design and the events that led to their creations however these objects also speak volumes about the life and legacy of Elizabeth Colt
