Eagle Spirit

The essence of the Eagle in traditional life is the basis for Sia's commitment to the culturally based, spiritual needs of indigenous People. Reconnecting cultures with the living bird in ways supportive of the species' conservation is a primary goal of Sia ongoing efforts. This is accomplished through:

- Uniquely formatted, culturally oriented live avian species educational programs with emphasis on Eagles and Raptors.
- Preservation of Numunuh (Comanche) historic life ways pertaining to our Eagle Culture.
- In House and out reach lectures, seminars and training courses pertaining to the legality of acquisition and possession of avian feathers and parts that ultimately supports sound conservation of the associated essential species.
- Dissemination of legally produced and held feathers and parts to members of Federally recognized Tribes*

(To date, Sia has met the cultural needs of duly registered members of 44 different Tribes.)
