Coffin Gap:

Coffin Gap Les Savage, 1998-06 A young doctor returns to Coffin Gap and finds himself trying to hold off a typhoid epidemic while doing battle with his former best friend and the owner of a silver mine *Henrietta's Library of the Whole Wide World* Lydia Harris, 2024-03-26 In the magical world of Lydia Harris's poems books are transformed into windows hearts birds ghosts even stars History landscape and love are woven together in poems which are celebratory uplifting reverential and sublime Lydia Harris is a poet who brings new meaning to the word unique John Glenday What better moment than this on the brink of a digital screen facing age to recover the almost supernatural power of early books how physical materials calf skin pigment quill pen ink could be alive with other times and presences and all our human feelings maybe even God These poems perform that paradox to be small alertly at home in particular place while opening on a wealth of worlds beyond In them boundaries dissolve between the local and the universal fact and fable the colloquial and the biblical the human and non human between the 16th century and today Through the opening Henrietta steps both grave and playful with a bright rapt curiosity that feels like praise Philip Gross What a delight it is to enter Henrietta's world Collating an imagined repository of knowledge from and for the whole wide world she draws manuscripts stones seals herons boats the earth and sea into her linguistic inventory Like a word farmer she shepherds cares for and cultivates texts Through Henrietta Harris explores language and books as containers explainers archives descriptors and exchange Her lightness of touch creates joyously airy music fresh as a newly caulked boat Precise compassionate and buoyant Henrietta's Library of the Whole Wide World reminds us of the hope inherent in the creation and collection of books and our fundamental quest for shared experience and understanding Heidi Williamson *Coffin Gap* Les Savage, 1997 When Alan Craig's father was shot years ago there had been no doctor in Coffin Gap to help him Now Alan has returned with his medical degree to what has become a thriving town But Jada MacQueen's hydraulic mining has polluted all the lowland waterways and killed parts of the range And because of poor sanitation and health care and early case of typhoid may become an epidemic Alan's efforts are hampered by the two most powerful players in the town Jada MacQueen and Bowie French French once Alan's best friend is now the biggest rancher in the area and abusive husband of Alan's former love Nola Alan has many challenges to overcome in his hometown but when he attempts to intervene on Nola's behalf he takes his life in his hands *Westerns and American Culture, 1930-1955* R. Philip Loy, 2015-10-05 Many people have fond memories of Friday nights and Saturday afternoons spent in theatres watching cowboy stars of the 1930s 1940s and 1950s chase villains across the silver screen or help a heroine out of harm's way Over 2 600 Westerns were produced between 1930 and 1955 and they became a defining part of American culture This work focuses on the idea that Westerns were one of the vehicles by which viewers learned the values and norms of a wide range of social relationships and behavior and thus examines the ways in which Western movies reflected American life and culture during this quarter century Chapters discuss such topics as the ways that Westerns

included current events in film plot and dialogue reinforced the role of Christianity in American culture reflected the emergence of a strong central government and mirrored attitudes toward private enterprise Also covered is how Westerns represented racial minorities women and Indians

The Cosmatesque Mosaics of Westminster Abbey Warwick Rodwell,David S. Neal,2019-11-30 Westminster Abbey contains the only surviving medieval Cosmatesque mosaics outside Italy They comprise the Great Pavement in the sanctuary the pavement around the shrine of Edward the Confessor the saint s tomb and shrine Henry III s tomb the tomb of a royal child and some other pieces Surprisingly the mosaics have never before received detailed recording and analysis either individually or as an assemblage The proposed publication in two volumes will present a holistic study of this outstanding group of monuments in their historical architectural and archaeological context The shrine of St Edward is a remarkable survival having been dismantled at the Dissolution and re erected incorrectly in 1557 under Queen Mary Large areas of missing mosaic were replaced with plaster on to which mosaic designs were carefully painted This 16th century fictive mosaic is unique in Britain Conservation of the sanctuary pavement was accompanied by full archaeological recording with every piece of mosaic decoration drawn and colored by David Neal phase plans have been prepared and stone by stone examination undertaken petrologically identifying and recording the locations of all the materials present It has revealed that both the pavements and tombs include a range of exotic stone types The Cosmati study has shed fresh light on every aspect of the unique series of monuments in Westminster Abbey this work will fill a major lacuna in our knowledge of 13th century English art of the first rank and will command international interest
