America's top 30 Idioms and their Origins Fred Engh, Todd Van Linda, 2022-07-15 If you're looking for a book to knock your socks off, let me bounce something off you. I heard it through the grapevine that there are over 25,000 idioms in the English language. That's straight from the horse's mouth. Now don't get up in arms or beside yourself as I spill the beans on the top 30 ones that will make you think something is fishy about this book. Take it with a grain of salt and don't think I'm off my rocker when I suggest that you use this book for your tank top, not table top. *Dickens's Idiomatic Imagination* Peter J. Capuano, 2023-12-15 Dickens's Idiomatic Imagination offers an original analysis of how Charles Dickens's use of low and slangular his neologism language allowed him to express and develop his most sophisticated ideas. Using a hybrid of digital, distant, and analogue close reading methodologies, Peter J. Capuano considers Dickens's use of bodily idioms: right hand man, shoulder to the wheel, nose to the grindstone, against the broader lexical backdrop of the nineteenth century. Dickens was famously drawn to the vernacular language of London's streets, but this book is the first to call attention to how he employed phrases that embody actions, ideas, and social relations for specific narrative and thematic purposes. Focusing on the mid-to-late career novels *Dombey and Son*, *David Copperfield*, *Bleak House*, *Great Expectations*, and *Our Mutual Friend*, Capuano demonstrates how Dickens came to relish using common idioms in uncommon ways and the possibilities they opened up for artistic expression. Dickens's Idiomatic Imagination establishes a unique framework within the social history of language alteration in nineteenth-century Britain for rethinking Dickens's literary trajectory and its impact on the vocabularies of generations of novelists, critics, and speakers of English. *The Student's Practical Dictionary of Idioms, Phrases and Terms*, 1904 **Collins Cobuild Advanced Dictionary of English** Harper Collins Publishers, 2016-02-17 This dictionary of American English is designed to help learners write and speak accurate and up-to-date English. Supplements on Grammar, Writing, Speaking, Words That Frequently Appear on TOEFL and TOEIC, Text Messaging, and Emoticons. *Slang and Its Analogues Past and Present* William Ernest Henley, 1891 **Ditransitive structures : the English preposition TO and the Romanian preposition LA** Tania MORARU-ZAMFIR, 2023-01-01 This book examines the syntactic properties of the English preposition *to* and the Romanian preposition *la* at *to* within ditransitive structures. Being a

study of comparative syntax from a generative perspective it aims at bringing into discussion the properties of these two functional prepositions in both English and Romanian The comparative approach shows that the English to is a functional preposition fully predictable from the structure of the verb which can be deleted To is a case marker and the dative arguments introduced by this preposition are DPs By way of contrast Romanian la has shifted from a case marker to a Person marker La has a double status as follows it has a functional status only when the Dat argument analysed as DP can be doubled by the clitic where la is a Person marker In the absence of the clitic la phrases are interpreted as PPs and la will be attributed a lexical status Thus unlike the functional to la is both a a functional dative marker and b a core lexical preposition of the location and movement frames where la assigns accusative case to its object
