**The Flight of the Shadows** Robert Green Ingersoll,18?? *A Discourse on Shadows* Matthew Lonoikamakahiki Wah Tim Yim,2007 *Shadow of Spirit* Philippa Berry,Andrew Wernick,2006-04-27 By illuminating the striking affinity between the most innovative aspects of postmodern thought and religious mystical discourse *Shadow of Spirit* challenges the long established assumption that western thought is committed to nihilism This collection of essays by internationally recognised scholars explores the implications of the fascination with the sacred divine or infinite which characterizes much contemporary thought It shows how these concerns have surfaced in the work of Derrida Baudrillard Lyotard Kristeva Irigaray and others Examining the connection between this postmodern turn and the current search for a new discourse of ethics and politics it also stresses the contribution made by feminist thought to this unexpected intellectual direction

and systemic functional linguistics the papers reflect current moves in political discourse analysis to cross disciplinary and methodological boundaries by integrating semiotics particularly multimodality cognition context genre and recipient design

*Toward a Native American Critical Theory* Elvira Pulitano, 2003-01-01 Unlike Western interpretations of Native American literatures and cultures in which external critical methodologies are imposed on Native texts ultimately silencing the primary voices of the texts themselves Pulitano's work examines critical material generated from within the Native contexts to propose a different approach to Native literature Pulitano argues that the distinctiveness of Native American critical theory can be found in its aggressive blending and reimagining of oral tradition and Native epistemologies on the written page a powerful complex mediation that can stand on its own yet effectively subsume and transform non Native critical theoretical strategies

**BOOK JACKET** *In the Company of Demons* Armando Maggi, 2008-05-12 Who are the familiar spirits of classical culture and what is their relationship to Christian demons In its interpretation of Latin and Greek culture Christianity contends that Satan is behind all classical deities semi gods and spiritual creatures including the gods of the household the lares and penates But with *In the Company of Demons* the world's leading demonologist Armando Maggi argues that the great thinkers of the Italian Renaissance had a more nuanced and perhaps less sinister interpretation of these creatures or spiritual bodies Maggi leads us straight to the heart of what Italian Renaissance culture thought familiar spirits were Through close readings of Giovan Francesco Pico della Mirandola Strozzi Cigogna Pompeo della Barba Ludovico Sinistrari and others we find that these spirits or demons speak through their sudden and striking appearances their very bodies seen as metaphors to be interpreted The form of the body Maggi explains relies on the spirits knowledge of their human interlocutors pasts But their core trait is compassion and sometimes their odd eerie arrivals are seen as harbingers or warnings to protect us It comes as no surprise then that when spiritual beings distort the natural world to communicate it is vital that we begin to listen
