

A Parent Guide to the Accelerated Reader Program

What is the Accelerated Reader Program?

Accelerated Reader is a computer program that allows you to help monitor your child's reading progress. It is a self-paced program that allows your child to read at his or her own level.

1. Read the Book

After your child has selected the book, they should read independently at home and do a short quiz or quiz later at school. The program will track the number of books read and the score on the quiz.

2. Track the Progress

The program will track the books that your child reads, along with their quiz scores and test scores. The information is then used by teachers to monitor children's progress and to provide additional support if and when needed. The idea of the program is to help children to develop their reading skills at their own pace.

Benefits of the Accelerated Reader Program?

Encourage children to read regularly, making reading an exciting and enjoyable activity.

Help to read with the program and get extra help if needed at school.

Monitor an individual's progress by keeping their book records in the program.

Monitor the progress of the program and provide support if needed.

How can I help my child at home?

Read at least 20 minutes for reading to help improve reading skills. The more books read the better the score they will get at school.

Read all books your child can read. The more books read the better the score they will get at school. You can also communicate with the program.

Read together and let your child explain the book to you. This will help them to understand the book better.

Ask your child to explain the book to you. This will help them to understand the book better. You can also communicate with the program.

Encourage your child to read for pleasure and provide additional support if needed. The program will help to monitor their progress.

Monitor the progress of the program and provide support if needed. The program will help to monitor their progress.

Concerns and Standings

What should I do if my child asks why books to get more points?

Reading books that are not within the reading level may mean reading to your child to help, and the child to read the books quietly and more slowly.

The program does not want to stress the competitive nature of the program. However, it is important to your child's reading progress. The program will help to monitor their progress.

Why reading is important?

Reading is important because it helps children to learn and to understand the world around them. It also helps to improve their reading skills.
