Bartok's String Quartets:

Bartók's String Quartets János Kárpáti, 1975 Bela Bartok's string quartets are key works in them is reflected the stylistic development not only of his own art but of the music of a whole age the twentieth century and also of the string quartet genre itself Each of the six string quartets represents a milestone in Bartok's creative path They offer a faithful and comprehensive picture of the various periods in the composer's creative development each bears the characteristic marks of these periods showing as they do the direction taken by Bartok's orientations the various influences and his own individual original methods János Kárpáti's monograph on the one hand sets these works against the background of the whole history of the string quartet as a genre thus indicating their position as the direct continuation of the late Beethoven quartets and on the other hand it presents an exposition of the factors involved in Bartok's art the trace of the influence of art music and folk music of predecessors and contemporaries placing Bartok at the head of the twentieth century masters as the distillation and summary of all that preceded him Dust jacket

String quartets nos. 1 and 2 Béla Bartók, 2004-01-01 Acclaimed as the most important quartets since Beethoven the six string quartets of Bela Bartok offer a summation of the composer's compositional style and development and they constitute one of the great monuments of twentieth century music This outstanding new volume unites the first two of Bartok's chamber masterpieces The stirring first

quartet written in 1908 captures the composer's great stylistic rebirth as the intense Romanticism of the opening movement gives way to a propulsive finale reflecting the composer's growing interest in Hungarian folk music. The second quartet written during World War I finds Bartók's creativity unimpeded by wartime privations. The three-movement work echoes the meditative qualities of the first quartet in its outer movements but its lively central movement suggests the traditional music of North Africa. A combination of boldly disparate influences, it remains a work of astonishing force and originality. **The String Quartets of Béla Bartók** Mátyás Seiber, 1945 The string quartets of Béla Bartók Béla Bartók, 1945
