Polthier,2012-12-06 Visualization and mathematics have begun a fruitful relationship establishing links between problems and solutions of both fields In some areas of mathematics like differential geometry and numerical mathematics visualization techniques are applied with great success However visualization methods are relying heavily on mathematical concepts Applications of visualization in mathematical research and the use of mathematical methods in visualization have been topic of an international workshop in Berlin in June 1995 Selected contributions treat topics of particular interest in current research Experts are reporting on their latest work giving an overview on this fascinating new area The reader will get insight to state of the art techniques for solving visualization problems and mathematical questions *Proceedings* ,1994 *Index of Conference Proceedings* British Library. Document Supply Centre,2003 **Human-Computer Interaction** Steve Howard,Judy Hammond,Gitte Lindgaard,2013-06-05 The theme of the 1997 INTERACT conference Discovering New Worlds ofHCI signals major changes that are taking place with the expansion of new technologies into fresh areas of work and leisure throughout the world and new pervasive powerful systems based on multimedia and the internet HCI has a vital role to play in these new worlds to ensure that people using the new technologies are empowered rather than subjugated to the technology that they increasingly have to use In addition outcomes from HCI research studies over the past 20 years are now finding their way into many organisations and helping to improve and enhance work practices These factors have strongly influenced the INTERACT 97 Committee when creating the conference programme with the result that besides the more traditional HCI research and education focus found in previous

INTERACT conferences one strand of the 1997 conference has been devoted to industry and another to multimedia The growth in the IFIP TC13 committee itself reflects the expansion of HCI into new worlds Membership of IFIP TC13 has risen to now include representatives of 24 IFIP member country societies from many parts of the world In 1997 IFIP TC13 breaks new ground by holding its sixth INTERACT conference in the Asia Pacific region This is a significant departure from previous INTERACT conferences that were all held in Europe and is especially important for the Asia Pacific region as HCI expands beyond its traditional base
