The series of Conference on Computer Safety Reliability and Security Safecomp contributes to satisfy these requirements by reviewing the state of the art experiences and new trends in the relevant scientific and industrial areas Safecomp is intended to be a platform for technology transfer among academia industry and research institutions providing the opportunity for exchange of ideas opinions and visions among experts

This year Safecomp celebrates the 20th anniversary its first Conference having been organized in Stuttgart by EWICS European Workshop on Industrial Computer Systems in 1979 and we hope these Proceedings will contribute to the celebration by supporting Safecomp aims

The Proceedings include the 25 papers that have been presented orally at the Conference and the full version of the 14 papers that have been presented as posters all of which were selected from 76 submissions
