Adam Smith, Bird Watcher Paul Jensen, 1997 **City of the Queen** Shu-Ching Shih, 2005-06-22 From its beginnings as a pestilent port and colonial backwater Hong Kong became the pearl of a declining British empire and then ascended to its present status as a gleaming city of commerce Throughout its history Hong Kong has been steeped in drama intrigue and seismic social shifts Shih Shu ching an acclaimed Taiwanese writer sets her epic tale of one beautiful and determined woman s family amid this rich and colorful history capturing in vivid panoramic detail the unique tensions and atmosphere that characterize the city Critically praised and long popular in the Chinese speaking world City of the Queen is now available for the first time in English After being kidnapped from her home in rural China Huang the novel s heroine is brought to Hong Kong and sold into prostitution Thanks to her shrewd sometimes devious business dealings and unexpected twists of fate she emerges from these cruel beginnings to become a wealthy landowner City of the Queen follows the fortunes of Huang s family including those of her devoutly Christian daughter in law who tries to redeem the sins she believes Huang has committed her grandson who becomes the first Chinese judge on the Hong Kong Supreme Court and her great granddaughter a quintessential Hong Kong young woman who turns her back on family tradition to revel in the pleasures offered by the 1970s and 1980s metropolis The novel introduces a range of other Chinese and British characters examining the complicated relationships between colonizer and colonized in a searing and perceptive portrayal of colonialism There is Adam Smith the British officer who struggles with the competing seductions of Huang s beauty and British respectability Qu Yabing Smith s servant who despises anything Chinese yet becomes Huang s lover after she is abandoned by Smith Colonel White the sadistic colonial police chief and Auntie Eleven a concubine who owns a pawnshop and teaches Huang the secrets of the trade

Greed Is Dead Paul Collier, John Kay, 2020-07-30 Two of the UK s leading economists call for an end to extreme individualism as the engine of prosperity provocative but thought provoking and nuanced Telegraph Throughout history successful societies have created institutions which channel both competition and co operation to achieve complex goals of general benefit These institutions make the difference between societies that thrive and those paralyzed by discord the difference between prosperous and poor economies Such societies are pluralist but their pluralism is disciplined Successful societies are also rare and fragile We could not have built modernity without the exceptional competitive and co operative instincts of humans but in recent decades the balance between these instincts has become dangerously skewed mutuality has been undermined by an extreme individualism which has weakened co operation and polarized our politics Collier and Kay show how a reaffirmation of the values of mutuality could refresh and restore politics business and the environments in which people live Politics could reverse the moves to extremism and tribalism businesses could replace the greed that has degraded corporate culture the communities and decaying places that are home to many could overcome despondency and again be prosperous and purposeful As the world emerges from an unprecedented crisis we have the
