Harger, Arline J. Ban, 1979      **Becoming Confident Teachers** Claire McGuinness, 2011-07-26 Becoming Confident Teachers examines the teaching role of information professionals at a time of transition and change in higher education While instruction is now generally accepted as a core library function in the 21st century librarians often

lack sufficient training in pedagogy and instructional design consequently finding their teaching responsibilities to be stressful and challenging By exploring the requirements and responsibilities of the role this book guides teaching librarians to a position where they feel confident that they have acquired the basic body of knowledge and procedures to handle any kind of instructional requests that come their way and to be proactive in developing and promoting teaching and learning initiatives In addition this book suggests strategies and methods for self development and fostering a teacher identity giving teaching librarians a greater sense of purpose and direction and the ability to clearly communicate their role to non library colleagues and within the public sphere Specifically examines the causes of stress among teaching librarians zeroing in on recognisable scenarios which are known to zap confidence and increase teacher anxiety among librarians An up to date and easily digestible take on the role and responsibilities of the teaching librarian Identifies the major trends that are transforming the teaching function within professional academic librarianship

Teaching Languages in the Primary School Philip Hood, Kristina Tobutt, 2015-01-19 Languages are now a more important part of primary education than ever before and all successful primary teachers need to understand the principles that support good language teaching and learning This second edition provides a coherent overview of teaching and learning languages combining practical strategies for use in the classroom with engaging coverage of how to teach informed by academic research and theory Key features of this new edition Fully updated coverage of policy and curriculum developments including the 2014 National Curriculum and the Teachers Standards A new chapter on curriculum planning and assessment for KS2 Expanded coverage of the transition from primary to secondary school and the implications for teaching More examples of creative teaching and learning throughout This is essential reading for all students studying primary languages on initial teacher education courses including undergraduate BEd BA with QTS postgraduate PGCE School Direct SCITT and also NQTs
