## Changing Japan:

*Japan's Changing Generations* Gordon Mathews, Bruce White, 2012-10-02 This book argues that the generation gap in Japan is something more than young people resisting the adult social order before entering and conforming to that order. Rather, it signifies something more fundamental: the emergence of a new Japan which may be quite different from the Japan of postwar decades. It argues that while young people in Japan in their teens, twenties, and early thirties are not engaged in overt social or political resistance, they are turning against the existing Japanese social order whose legitimacy has been undermined by the past decade of economic downturn. The book shows how young people in Japan are thinking about their bodies and identities, their social relationships, and their employment and parenting in new and generationally contextual ways that may help to create a future Japan quite different from Japan of the recent past. **Marriage in Changing Japan** Joy Hendry, 2010-10-18 This book approaches its subject from two angles. First, there is a detailed and descriptive analysis of the social organisation and place of marriage in one community in Kyushu. To this extent, the study is a regional one and provides valuable ethnographic information. The second angle, however, is to analyse this material in the light of other historical ethnographical writings on Japan, which puts the regional material in a national context and brings together a great deal of information about Japanese marriage hitherto unpublished in English. **The Changing Fabric of Japan** Malcolm Duncan Kennedy, 1930 **Social Change and Educational Problems in Japan, Singapore and Hong Kong** W. Lee, 1991-05-24 The spectacular economic and technological achievements of certain Far Eastern countries have attracted world-wide attention. The markets of the West are dominated by the products of countries with no traditions of industrialisation and few natural resources. The reaction to this phenomenon has been a mixture of amazement, admiration, envy, and curiosity to know how it was done. This book addresses these questions through a study of the modernisation of three of the most successful Asian societies: Japan, Singapore, and Hong Kong. **Innovation and Change in Japanese Management** P. Haghirian, 2009-11-27 *Innovation and Change in Japanese Management* shows which transformation processes and changes can be observed in Japanese companies in reaction to the economic challenges of the past decade. The book presents new research results and investigates the variety of changes that Japanese corporations and managers have experienced in recent years. **Institutional and Technological Change in Japan's Economy** Janet Hunter, Cornelia Storz, 2006 This book brings together leading economists and economic historians of Japan in order to examine a range of key issues concerning Japanese institutional and technological development. **Women In Changing Japan** Joyce C Lebra, 2019-03-20 It is a time when women in many parts of the world are questioning the roles, life styles, and values by which women have lived for centuries. The contributors are American women engaged in studying various aspects of the life patterns of Japanese women in many walks of life and have published their findings in this volume. We come from a variety **The Working Forces in Japanese Politics** Uichi Iwasaki, 1921 **Readers' Guide to Periodical Literature**, 1912 **China and Japan in Our**

**University Curricula** Edward Clark Carter,1929      **Japan and the California Problem** Toyokichi Iyenaga,Kenoske Sato,1921      The Living Age ,1920      *The American Standard of Living and World Co-operation* Rosalie Jones Dill,1923  
Women and Missions Lucia P. Towne,1934      **Changing Politics in Japan** Ikuo Kabashima,Gill Steel,2012-08-17  
Changing Politics in Japan is a fresh and insightful account of the profound changes that have shaken up the Japanese political system and transformed it almost beyond recognition in the last couple of decades Ikuo Kabashima a former professor who is now Governor of Kumamoto Prefecture and Gill Steel outline the basic features of politics in postwar Japan in an accessible and engaging manner They focus on the dynamic relationship between voters and elected or nonelected officials and describe the shifts that have occurred in how voters respond to or control political elites and how officials both respond to and attempt to influence voters The authors return time and again to the theme of changes in representation and accountability Kabashima and Steel set out to demolish the still prevalent myth that Japanese politics are a stagnant set of entrenched systems and interests that are fundamentally undemocratic In its place they reveal a lively and dynamic democracy in which politicians and parties are increasingly listening to and responding to citizens needs and interests and the media and other actors play a substantial role in keeping democratic accountability alive and healthy Kabashima and Steel describe how all the political parties in Japan have adapted the ways in which they attempt to organize and channel votes and argue that contrary to many journalistic stereotypes the government is increasingly acting in the the interests of citizens the median voter s preferences      **Changes in the Japanese Economy and Japan's Trade with North America**  
Kazutomo Irie,1990      **japanese girls and women** alice mabel bacon,1891      Transactions and Proceedings of the Japan Society, London Japan Society of London,1908      Changing Japan and Its Role Yasuhiro Nakasone,1994      **Evolution of the Japanese** Sidney Lewis Gulick,1905
