Second Edition

PETER TATE

Doctors Communication Handbook

John Salinsky, Paul Sackin

Doctors Communication Handbook:

The Doctor's Communication Handbook Peter Tate,2010 This book has established itself as a key text for all doctors whatever their experience and wherever they practice The role of doctors is changing where doctors were once seen as a repository of knowledge and experience the internet now gives many patients immediate access to a vast amount of detailed information more than any doctor could expect to hold in their head As patients become participants doctors are increasingly adjusting to new roles and forms of communication from tellers and controllers to listeners sharers and interpreters This new edition of The Doctor s Communication Handbook takes these latest developments into account with an entirely new chapter on the essentials of good doctoring Conversational in tone and spiced as ever with lighthearted but informative cartoons it remains a key text for doctors at all levels and in all settings It will be of particular value to candidates sitting the new Membership of the Royal College of General Practitioners nMRCGP examination particularly the Clinical Skills Examination CSE and to undergraduate medical students

The Doctor's Communication Handbook, 8th Edition Peter Tate,Francesca Frame,2019-07-17 Of previous editions breaks new ground in its readability It is concise wise and firmly pragmatic British Medical Journal Since it was first published in 1994 Peter Tate s The Doctor s Communication Handbook has been essential reading to improve GP registrars communication skills Practical Diabetes International This bestselling title has established itself as the ultimate guide to patient communication for all doctors whatever their experience and wherever they practice Highly respected by many and acclaimed for its light conversational tone this completely updated and expanded eighth edition remains a key text for doctors at all levels and in all settings particularly candidates sitting for the Membership of the Royal College of General Practitioners Key features Unique and accessible approach to this vital and frequently poorly practiced aspect of medicine Addresses the change in practice where traditional doctor consultations are increasingly being done by other health professionals including nurse practitioners and paramedics Reflects the dissolution of the primary secondary care boundary and the increasing importance of shared responsibility for patient communication in clinical and social care Covers the new types of consultation including telephone triage and virtual consultation and the associated risks and benefits Retains all the features praised in previous editions brevity readability and humour As patients become participants doctors are increasingly adjusting to new roles and forms of communication from orators and governors to confidants and interpreters The Doctor s Communication Handbook continues to provide an invaluable one stop shop to help students practicing doctors nurses and other healthcare practitioners value and improve their skills in this area

The Doctor's Communication Handbook Peter Tate,2007 An established key text for all doctors this edition is completely up to date in regards to recent major changes in GP training and assessment

The Doctor's Communication Handbook Peter Tate,1997-01-01

The Doctor's Communication Handbook (6th Edition) Peter Tate,2010-06-01 This book has established itself as a key text for all doctors whatever their experience and wherever they practise The role of doctors is

changing where doctors were once seen as a repository of knowledge and experience the Internet now gives many patients immediate access to a vast amount of detailed information more than any doctor could expect to hold in their head As patients become participants doctors are increasingly adjusting to new roles and forms of communication from tellers and controllers to listeners sharers and interpreters This new edition of *The Doctor's Communication Handbook* takes these latest developments into account with an entirely new chapter on the essentials of good doctoring Conversational in tone and spiced as ever with lighthearted but informative cartoons it remains a key text for doctors at all levels and in all settings It will be of particular value to candidates sitting the new Membership of the Royal College of General Practitioners nMRCGP examination particularly the Clinical Skills Examination CSE and to undergraduate medical students

The Doctor's Communication Handbook Peter Tate,Francesca Frame,2019

The Doctor's Communication Handbook, 7th Edition Peter Tate,Francesca Frame,2017-08-11 This book is a guide to help the doctor to gain increased professional satisfaction from communicating effectively with their patients It discusses some of the analytical methods that help the doctor to diagnose their problem and find an appropriate remedy

Bedside Matters Peter Tate,Francesca Frame,2020-11-11 This unique book draws upon a collection of essays and personal reflections by Dr Peter Tate covering at least half a century of his experience of trying to understand define and improve communication between doctors and patients Adopting a light conversational and often humorous tone the book covers a broad range of situations encountered during the lead author's career as a general practitioner his seminal research into understanding doctor patient communication and his subsequent role in both teaching and developing the internationally recognised Royal College of General Practice's membership video examination This book demonstrates that clinical experiences both professional and personal are fundamental to our perception of what is important and what matters most in medicine Key features Unique and personal account of the development of this vital but often overlooked aspect of medicine Engaging and light hearted yet academically rigorous Draws on experiences gathered during clinical practice research and teaching From the authors of the popular *The Doctor's Communication Handbook* now in its eighth edition In reading *Bedside Matters* doctors and particularly general practitioners will not only learn from the author's experiences but will be encouraged to reflect on their own clinical and personal experiences and to use these to better understand and improve their own communication techniques The author Peter Tate is a retired General Practitioner UK With editorial contributions from Francesca Frame a General Practitioner based in Cambridgeshire UK

[The Specialist Registrar Handbook](#) John Gattrell,Tony White,2001 This edition will support the professional and personal development of every doctor involved in training

Bedside Communication Handbook, The: Speaking With Patients And Families Allyn Hum,Mervyn Koh,2021-09-28 The art of good communication is an essential skill that every healthcare professional must master in this increasingly demanding and challenging healthcare climate From medical nursing and allied health students to experienced doctors nurses and healthcare professionals the

authors of *The Bedside Communication Handbook* with more than 20 years of teaching Clinical Communication present common and challenging communication scenarios and share important principles and useful phrases which can be used to help busy healthcare professionals communicate better with patients and their relatives This is probably the only such book set in an Asian context It will contain practical tips and model statements that would help to guide the readers in improving their communication skills and preventing a communication faux pas

The Simulated Patient Handbook Fiona Dudley, 2018-12-14 A simulated patient is an individual who by pretending to be a patient in a consultation offers health professionals an opportunity to learn explore and develop their expertise Simulated patients are also highly effective when used as an aid for consultation skills assessment In recent years the rapid rise of simulated patients in healthcare training has led to many more people working as and with simulated patients There is now a growing need for guidance on its benefits and also its potential complications *The Simulated Patient Handbook* is full of practical hands on advice and procedures for simulated patients covering all aspects of their work It includes comprehensive guidelines on the essential skills of characterisation and the giving of feedback This is the only manual currently available for simulated patients to learn best practice The wide ranging accessible reference also offers concise realistic advice to facilitators about setting up running and participating in sessions using simulated patients using this extraordinary educational resource to its greatest advantage

Clinical Communication Handbook Melissa Piasecki, 2002-07-19 Communication is a critical skill in clinical practice and sometimes not emphasized in medical education Effective communication skills ease the pressure in dealing with difficult or even typical patients and will make your patients feel more comfortable with you *Clinical Communication Handbook* can become an essential part of your physician patient education Learn how to be a better communicator through the use of vignettes dialog boxes and evidence based information

Communication Skills for Doctors Peter Maguire, 2000-08-25 Aimed at senior medical students and doctors in training the key objective of this book is to help them become more competent in dealing with common areas of communication which many find particularly difficult The author covers the main areas where communication takes place and the difficult scenarios students doctors are likely to encounter providing practical and alternative guidelines to cover a broad range of situations Beginning with a review of basic communication skills the text includes doctor patient interchanges taken from the author's own work experience These feature both good and bad examples of real communication and include alternative ways of handling difficult situations Research is cited where appropriate drawing on the body of research in medical communication Each chapter ends with a brief summary and suggests questions for use in classrooms or self study

Teaching and Training Techniques for Hospital Doctors Trevor Bayley, Michael Drury, 1998 This book describes in straightforward practical terms how teaching can be more effective in clinic on the wards in the operating theatre and in formal teaching sessions Teaching techniques and methods and their appropriate use are examined in detail Emphasis is given to the teaching of skills and attitudes as well as

knowledge with particular stress on communication skills teaching and assessment Separate consideration is given to the art of supervision and mentoring emphasising the duty of care of the teacher Each author has many years experience of teaching in postgraduate medical education This is not a book about the theory of education and training but provides insight into the practical methods and skills needed to be a better trainer The text complements the many courses on effective teaching and provides an alternative for those who prefer to read to learn It is an essential book for every consultant with responsibility for supervising doctors in training and for senior doctors in training the supervisors of tomorrow Communication for Doctors David Woods,2004 Provides practical tips to arm doctors with knowledge and sharpen their communication skills thus improving their relationships with patients avoiding errors and litigation **The Intelligent Patient's Guide to the Doctor-patient Relationship** Barbara M. Korsch,Caroline Harding,1998 Do you feel that your doctor doesn't pay attention to what you say Does your doctor cut you off when you try to explain how you feel Do you think your doctor could remember your name without referring to your chart Does your doctor seem to be in such a hurry that you don't even get a chance to ask your most important questions Do you spend more time waiting than actually talking to your doctor Do you understand what your doctor says At one time or another we have all had these complaints This book will teach you how to ask the right questions understand the answers and show you how to take more control of your visits to the doctor and your own health This is the first book in which communication pioneer Barbara M Korsch M D reveals what she has learned about the doctor patient relationship dilemma during almost half a century of investigation In clear simple language Dr Korsch answers most of our common questions How do I know when I'm sick enough to go to the doctor How do I know if it's serious enough to go to the emergency room What do I do if I can't follow the advice my doctor gives me She walks us through a typical visit to the doctor showing us how to prepare ourselves so we don't forget the question that has been worrying us for weeks as soon as we walk through the doctor's door She gives important tips on how to survive the dreaded hospital experience And she offers insight into the doctor's side of the relationship showing how doctors are trained to be task oriented and how their natural human sympathy is discouraged throughout their careers Finally she offers patients useful strategies for humanizing the relationship Korsch's helpful commonsense recommendations are extensively illustrated with real life doctor patient conversations which she recorded on audio and video tape over the course of the last thirty years She was one of the first medical professionals to emphasize the importance of teaching doctors how to talk to patients as part of their medical training She serves as consultant and lecturer to medical schools hospitals and medical practices throughout the world to help the next generation of doctors communicate with their patients Above all after years of research she has found abundant evidence that the relationship patients form with their doctors directly determines the quality of the care they receive This is a vital book for anyone who is concerned about their health and who wants to take control of their medical care So much depends upon asking the right questions and on finding a doctor who will listen to you This book gives you the tools and the

confidence to do just that

The Complete MRCGP Study Guide Sarah Gear,2006 This greatly expanded revised and updated guide comprehensively covers every aspect of the new format membership examination of the Royal College of General Practitioners Its new format includes current treatment issues and the latest research and is divided into three parts covering main medical topics non clinical areas and ambiguous topics and exam questions for the registrar year Concise and easy to read covering a wide range of skills and approaches that are used daily by general practitioners it will serve well as a useful resource for personal and professional development This is

Emergencies in ENT Rupa Vedantam,2010-09 This practical handbook adopts a unique symptom wise approach to the commonly encountered emergencies in ENT The author has largely drawn from her own experiences of working as an ENT specialist in both a tertiary care centre as well as a secondary care hospital The emphasis is on accurate bedside history taking and examination for making a diagnosis Where applicable the abnormality to be identified on an X ray or CT scan has been highlighted and illustrated The acute management of emergency cases is supplemented with recommendations for further investigation and treatment The book is amply illustrated and has numerous flow charts and boxes for systematic evaluation and treatment This handbook should be useful not only for undergraduate and postgraduate students of ENT but also for the practising ENT specialist It will also serve as a handy reference guide to the lone doctor practising in a small centre with limited facilities

What Are You Feeling Doctor? John Salinsky,Paul Sackin,2000 Guidelines are powerful instruments of assistance to clinicians capable of extending the clinical roles of nurses and pharmacists Purchasers and managers perceive them as technological tools guaranteeing treatment quality Guidelines also offer mechanisms by which doctors and other health care professionals can be made more accountable to their patients But how can clinicians tell whether a guideline has authority and whether or not it should be followed Does the law protect doctors who comply with guidelines Are guideline developers liable for faulty advice This timely book provides a comprehensive and accessible analysis of the many medical and legal issues arising from the current explosion of clinical guidelines Featuring clear summaries of relevant UK US and Commonwealth case law it is vital reading for all doctors health care workers managers purchasers patients and lawyers

The Good Mentoring Toolkit for Healthcare Helen Bayley,Ruth Chambers,Caroline Donovan,2018-04-17 This book examines how nurses will provide a first point of contact consultation service as an alternative to going to see the doctor It analyses the different nurse practitioner models around the world and presents a proposal for the UK using research material to describe the impact of this kind of nurse practitioner on patients doctors and other nurses The book proposes practical steps through which this model can be implemented within Primary Care Groups and considers the professional implications for doctors and nurses Among the conclusions reached in the book are nurse practitioners are acceptable to both colleagues and patients they will have an increasing impact on the nature of the work of doctors the role of general practitioners may develop to complement the emerging role for nurses The book is relevant and important reading for everyone who will be affected by these

developments including nurses doctors health service managers and policy makers

Doctors Communication Handbook Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Doctors Communication Handbook free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Doctors Communication Handbook free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Doctors Communication Handbook free PDF files is

convenient, its important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but its essential to be cautious and verify the authenticity of the source before downloading Doctors Communication Handbook. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether its classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Doctors Communication Handbook any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Doctors Communication Handbook Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Doctors Communication Handbook is one of the best book in our library for free trial. We provide copy of Doctors Communication Handbook in digital format, so the resources that you find are reliable.
