*Atando Cabos* Elizabeth Conde-Frazier, 2021-08-31 Decolonizing theological education and restoring agency to the people Latinx Protestantism is a rapidly growing element of American Christianity How should institutions of theological education in the United States welcome and incorporate the gifts of these populations into their work This is an especially difficult question considering the painful history of colonization in Latin America and the Caribbean an agenda in which theological education was long complicit In this book Elizabeth Conde Frazier takes stock of the cabos sueltos loose ends left over from the history of Latinx Christianity including the ways the rise of Pentecostalism disrupted existing power structures and opened up new ways for Latinx people to assert agency Then atando cabos tying these loose ends together she reflects on how a new paradigm centered on the work of the Holy Spirit can serve to decolonize theological education going forward bringing about an in breaking of the kingdom of God Conde Frazier illustrates how this in breaking would bring changes in epistemology curriculum pedagogy and models for financial sustainability *Atando Cabos* explores each of these topics and proposes a collaborative ecology that stresses the connections between theological education and wider communities of faith and practice Far from taking a position of insularity *Atando Cabos* works from the particularities of the Latinx Protestant context outward to other communities that are wrestling with similar issues so that by the end it is a call for transformation a new reformation for the entire Christian church **Atando Cabos & Student Video CD Pkg** ANONIMO, 2003-04-01

Engaging Latino/a/x Theologies Sharon E. Heaney, 2024-02-26 Sharon E Heaney describes how the life giving interruption of Latin American poets novelists artists and theologians changed her life in a conflict ridden Northern Ireland An outsider in this study she provides an engagement with a stream of theology in the United States she takes to be exemplary Latino a x theology is teolog a en conjunto collaborative theology It models ways to examine complicated and contested histories and identities and it resists dominant assumptions about theological points of departure in favor of also valuing the everyday as locus theologicus Identifying major themes and foundational thinkers alongside more recent developments Heaney offers an overview and invites readers to further reading study and formation Modelling what it esteems each chapter closes in conversation with a Latino a x leader in the church The conclusion is written by practical theologian Altagracia P rez Bullard She affirms this is not just an intellectual exercise this engagement is the practice of our lives as we journey with God and as we journey with one another It is an exciting journey It changes us **Everyday Christian Teaching** David I. Smith, 2025-02-20 Discover how ordinary moments in the school year can become occasions for making profound connections between faith and pedagogy In this encouraging and practical book education expert David I Smith invites Christian educators on a journey through the school year that will deepen their capacity to make thoughtful connections between their faith and their pedagogy Mirroring the rhythms of an academic year the book embraces and explores the mundane moments that all teachers experience every semester Starting the course Setting some norms for

interaction Choosing how to frame the material Assigning tasks Repeating things Pausing Bringing things to a close The topics are deliberately ordinary because as Smith demonstrates the shape of one's teaching is mainly built from the unspectacular choices and actions that gradually shape the texture of life in the classroom If educators want to think well about Christian faith and teaching and act well in the classroom they need to learn to reflect well on those ordinary steps in the journey Everyday Christian Teaching builds on Smith's previous book On Christian Teaching Practicing Faith in the Classroom where he made a persuasive case for connecting faith and pedagogy The new book aims to put this idea into practice as Smith explains in the introduction Suppose we want to get better at thinking about faith and teaching together What then What does the road look like and how do we walk it wisely If we'd like to be a pilgrim how do we make progress Taking up such questions with wisdom and empathy Everyday Christian Teaching helps educators develop faith informed insights and life giving practices that can transform their teaching over the course of time **1955: inventario y examen**
