**Communication and Tourism** Michael Tsangaris,2024-06-04 The nexus of human mobility and communication is intricate and this volume uncovers the deep rooted significance of tourism and media From antiquity to modern day Western communication systems have artfully crafted the allure of destinations making places irresistible to the travellers At its core this book proposes that the impetus for travel is a primal human necessity rooted in our inherent need for movement consciousness expansion and cultural development Featuring Greek civilization as a case study the book

reveals how the rich cultural capital of modern Greece long admired and assimilated by many global cultures has immensely contributed to Greece's contemporary tourism imaginary. Readers are challenged to look beyond prevailing practices where tourism management and marketing are the driving force for commercial exchange but to encompass its broader essence as a vital human function leading to richer experiences. It will be of interest to academics within areas related to tourism studies, mobility studies, mass media communication and cultural studies.

*A Research Guide to the Ancient World* John M. Weeks, Jason de Medeiros, 2014-11-25. The archaeological study of the ancient world has become increasingly popular in recent years. *A Research Guide to the Ancient World* Print and Electronic Sources is a partially annotated bibliography. The study of the ancient world is usually although not exclusively considered a branch of the humanities including archaeology, art history, languages, literature, philosophy and related cultural disciplines which consider the ancient cultures of the Mediterranean world and adjacent Egypt and southwestern Asia. Chronologically the ancient world would extend from the beginning of the Bronze Age of ancient Greece ca 1000 BCE to the fall of the Western Roman Empire ca 500 CE. This book will close the traditional subject gap between the humanities, Classical World, Egyptology and the social sciences, anthropological archaeology, Near East in the study of the ancient world. This book is uniquely the only bibliographic resource available for such holistic coverage. The volume consists of 17 chapters and seven appendixes arranged according to the traditional types of library research materials: bibliographies, dictionaries, atlases, etc. The appendixes are mostly subject specific including graduate programs in ancient studies, reports from significant archaeological sites, numismatics and paleography and writing systems. These extensive author and subject indexes help facilitate ease of use. [Kermes 101-102 AA.VV.](#), 2016-06-01. Foreword Philippe Jockey. INTRODUCTION.
