Flight of the Phoenix Alicia Michaels, Pampered and hidden away from the world Princess Desdemona Ravenmoore was taught to hate and fear the enemies of her mother Queen Eranna However once striking out on her own she unlocked the power burning deep within the ability to create and control fire With her newfound power and strength came the knowledge that her mother did not hide her away to protect her but rather to prevent her from becoming the powerful being she was meant to transform into One of the mightiest creatures in the universe A Phoenix Confronted with the truth of her mother's treachery Desdemona faces a choice join the other princesses of Fallada to wage war against her mother and reclaim their kingdom from the forces of darkness or remain neutral and avoid being used for her power Uncertain which path to follow she fears that no matter what she decides she will not be valued for the person she is but for the weapon she can become if brought under someone's control Bear shapeshifter Malachi Voran lost everything when his mate and son were taken captive by the dark queen Despite doing what was necessary to free them his mate was lost to him forever Since then he has dedicated his life to the fight against Queen Eranna an effort that includes helping Desdemona learn to harness and control her power Yet the more time he spends in her company the more entranced he has become not just by her power but by the tempestuous feelings that being near her causes deep within him With the battle lines drawn Malachi is ready to fight for the liberation of the kingdom of Fallada Whether or not he has the strength required to fight for the heart of a phoenix is another matter entirely

Callaloo, 2004 A Black South journal of arts and letters **Dragonheart** Alicia Michaels, Centuries ago the only dragon left in Fallada perished succumbing to a disease caused and spread by black magic The last of the eggs failed to hatch becoming like stone and remaining that way until Sonia Jones discovered her true identity as a lost princess of the otherworldly kingdom A tomboy who once suffered from a chronic illness Sonia doesn't feel like princess material Unlike her royal siblings she has yet to discover her supernatural abilities With war brewing in Fallada between good and evil she hardly feels equipped to join her people on the side of good even though an ancient prophecy clearly points to her as a savior of the realm Her purpose finally becomes clear when the dragon eggs in her possession hatch The creatures seem to trust her growing and becoming stronger under her care inspiring her to undergo her own quest to unlock her latent abilities Along the way she will stumble upon a way to save her mother and their people but it may require her to endanger the first dragons the kingdom has seen in hundreds of years Can Sonia find the strength to fulfill her prophecy and rescue her mother while protecting Fallada's most rare and precious creatures *Writing African American Women* Elizabeth A.
