The Eighth Century Prophets: Amos, Hosea, Isaiah, Micah Bernhard W. Anderson, 2003-09-22 Bernhard Anderson has written a commentary that gives new perspective and clarity to the prophetic tradition and demonstrates the timely nature of the prophets messages for today The Eighth Century Prophets treats the four Old Testament figures as a prophetic quartet that produced a powerful and startling consensus about Israel's relationship to God and the world The core of the prophetic message is shown to be both religious and political as Anderson describes and explains the great themes of Amos Hosea Isaiah and Micah divine judgment the present and the future justice and mercy the covenant walking humbly with God and waiting for God Included is a bibliography and time chart of Eighth Century Israel

Micah Francis I. Andersen, David Noel Freedman, 2006 One of the twelve Minor Prophets Micah unwaveringly spoke God's message to Israel a message filled with judgment but also laced with the promise of redemption Micah combined poetic complexity and literary sophistication to compel his audience to respond And now through an exacting linguistic and literary analysis of the biblical text coauthors Francis I Andersen and David Noel Freedman explain what Micah meant to his contemporaries as well as what his message means to readers today What sets Micah apart is the attention it pays to the details of the prophet's original text The commentary is descriptive rather than speculative philological rather than theological With unusual care the authors two of the world's leading Bible scholars examine the features of Micah's biblical Hebrew and prophetic discourse They discover the use of a special kind of language which in its poetic composition differs significantly from the language of classical Hebrew prose At the zenith of their careers masters of all relevant disciplines Andersen and Freedman are the perfect duo to unlock the words of this challenging prophet
