

# How can we support reframing our kids' behavior as communication?

## Presume competence

Talk to your child directly, not around them or about them, and encourage other people to do the same.

## Identify strengths

Talk to your child about what they are doing well, and build their strengths and preferences into their daily routines.

## Give choice and control

Help your child develop skills to navigate the world with as much independence as possible.

## Look for environmental or sensory barriers
