Communicative Framework For Introductory Japanese Language Curricula:

A Communicative Framework for Introductory Japanese Language Curricula Washington State Japanese Language Curriculum Guidelines Committee, 2000 Teaching Japanese as a second language is relatively new in the United States The learning experience of the Japanese language learner is typically quite different from the learner of a European foreign language It is also more challenging for the teacher because the support and experience base for teaching Japanese is not nearly as rich or established as that for teaching Spanish or French This book is an attempt by Japanese language teachers in Washington State to remedy this gap by specifying standards of instructional content and student performance that are comprehensive explicit and achievable This book itself is not a curriculum it is more of a framework It should be read as a resource document as a tool for building curricula that will allow students to achieve functional communication skills in Japanese These guidelines are intended to assist individual teachers and professional associations throughout the United States in designing curricula Chapter titles include the following Principles and Strategies Topics Functions and Concepts A Framework for Assessment Authenticity Context and Culture Written Language On the Role of Explanation and Transcription and Teacher Preparation and Training Appendices cover topic areas communicative functions concepts and contain a glossary KFT
