## What is Respect?

Respect is right evaluation. When we are rightly evaluated, we feel respected. When we are not rightly evaluated, we feel disrespected. Respect is a feeling of deep admiration for someone or something elicited by their abilities, qualities and achievements. It is a way of treating or thinking about something or someone. It is an overarching consideration and represents recognition of each human being's intrinsic value.

### Minimum content of Respect (The other is similar to me)
