Love Danced in Barbara Cartland, 2018-02-14 The beautiful Joanna West's parents had been killed in a very nasty road accident and as she is the only child she inherits her father and mother's house in the County of Huntingdonshire When she sees the condition of her house she realises at once that it will need a great deal of money to be spent on it to make it as warm and cosy as her mother had done Wondering what she could do to acquire the money that she so badly needs Joanna remembers the big and impressive Castle nearby and wonders if she could use the spacious ballroom to give dancing lessons to earn her some money When she approaches the charming and handsome Earl of Hollington who has recently inherited the ancient Castle as well as his title he too is desperately in need of money as The Castle had been badly neglected by his predecessors and is looking decidedly dilapidated and shoddy He agrees to hire out the ballroom to Joanna for her dancing lessons after she has redecorated it and at her suggestion to let other members of the County rent rooms from him providing that they pay to have those rooms restored It is then that Lady Carisford who the Earl only met on board the Liner when he was returning to England arrives at The Castle unexpectedly She is determined to capture the Earl as she realises that by marrying him she will own an important title and this will open wide the doors of High Society which she longs to shine in What happens when Lady Carisford tells Joanna that the Earl has asked her to marry him and how she and the Earl finds true happiness is all told in this romantic novel by BARBARA CARTLAND

Estate Management and Symposium Xenophon, 2022-05-16 Xenophon was acknowledged in Antiquity as a philosopher a historian third in the triad of great Classical historians alongside Herodotus and Thucydides and a literary artist His narrative was appreciated for its literary qualities including its charm wit vigour and sweetness for which he was hailed as Attic Muse Diogenes Laertius 2 6 57 The *Oeconomicus* describes Socrates conversing on the topic of successful management of one's oikos household estate The focus is a well to do Athenian household which proves a testing ground for the moral qualities or gentlemanliness of the male head of household but also a space in which the role and agency of women turns out to be key Symposium shifts to the male space

of the men's quarters of the private home to describe an evening of conversation and entertainment at the house of an Athenian plutocrat. Far from being simply a lighthearted affair, the conversation probes timeless questions regarding wisdom, love, and female capacity, and over it looms the deadly serious matter of Socrates' trial and death. Both works are rich sources for Athenian social history of the Classical period. *Oeconomicus*, in particular, offers insights on the role and status of women in Ancient Athens. Xenophon doesn't, however, passively reflect the social realities he saw around him or supply snapshots of historical actuality. *Goethe* Paul Carus, 1915
