Eastern Front:

War on the Eastern Front, 1941-1945 James Lucas, 1982 Text and photos record the conditions and experiences of German soldiers on the battle front with Russia

The Eastern Front Robert Edwards, 2018-08-15 Stackpole's Battle Briefings series offers accessible and insightful summaries of battles commanders and other military history topics This volume covers the epic clash between the Germans and Soviets on the Eastern Front during World War II Highlights include Operation Barbarossa the massive battles at Stalingrad and Kursk and the final desperate resistance of the Germans as the Red Army closed in Throughout are accounts from the turrets of T 34 and Tiger tanks and from the men who fought often hand to hand in the snow mud and dust of the Eastern Front

The First Day on the Eastern Front Craig W.H. Luther, 2018-11-01 Sunday June 22 1941 three million German soldiers invaded the Soviet Union as part of Hitler's long planned Operation Barbarossa which aimed to destroy the Soviet Union secure its land as lebensraum for the Third Reich and enslave its Slavic population From launching points in newly acquired Poland in three prongs North Central South German forces stormed western Russia virtually from the Baltic to the Black Sea By late fall the invasion had foundered against Russian weather terrain and resistance and by December it had failed at the gates of Moscow but early on as the Germans sliced through Russian territory and soldiers with impunity capturing hundreds of thousands it seemed as though Russia would fall In the spirit of Martin Middlebrook's classic First Day on the Somme Craig Luther narrates the events of June 22 1941 a day when German military might was at its peak and seemed as though it would easily conquer the Soviet Union a day the common soldiers would remember for its tension and the frogs bellowing in the Polish marshlands It was a day when the German blitzkrieg decimated Soviet command and control within hours and seemed like nothing would stop it from taking Moscow Luther narrates June 22 one of the pivotal days of World War II from high command down to the tanks and soldiers at the sharp end covering strategy as well as tactics and the vivid personal stories of the men who crossed the border into the Soviet Union that fateful day which is the Eastern Front in microcosm representing the years of industrial scale warfare that followed and the unremitting hostility of Germans and Soviets

World War II: The Eastern Front 1941-1945 Geoffrey Jukes, 2010-01-15 Outlines events on the Eastern Front of World War II from the 1941 German the invasion of the Soviet Union to Stalin's declaration of war with Japan in 1945

The Second World War on the Eastern Front Lee Baker, 2013-09-13 Russia's engagement with Germany on the Eastern Front during World War II was ferocious unprecedented and bloody costing millions of civilian and military lives In this challenging new book Lee Baker distinguishes myth from reality and deflates the idea that this war while gargantuan in scale was in essence a war like any other

War Land on the Eastern Front Vejas Gabriel Liulevicius, 2000-05-18 War Land on the Eastern Front is a study of a hidden legacy of World War I the experience of German soldiers on the Eastern front and the long term effects of their encounter with Eastern Europe It presents an anatomy of an occupation charting the ambitions and realities of the new German military

state there Using hitherto neglected sources from both occupiers and occupied official documents propaganda memoirs and novels it reveals how German views of the East changed during total war New categories for viewing the East took root along with the idea of a German cultural mission in these supposed wastelands After Germany's defeat the Eastern front's lessons were taken up by the Nazis radicalized and enacted when German armies returned to the East in World War II Vejas Gabriel Liulevicius's persuasive and compelling study fills a yawning gap in the literature of the Great War

War on the Eastern Front James Lucas, 2014-10-30 This classic WWII history presents a comprehensive yet vividly detailed account of the Third Reich's epic and bitter clash with the Red Army The opening onslaughts of Operation Barbarossa began on June 22nd 1941 as German forces stormed into the Soviet Union Few of them were to survive the five long years of bitter struggle A posting to the Eastern Front during the Second World War was rightly regarded with dread by the German soldiers They faced the unremitting hostility of the climate the people and even at times their own leadership There were epic conflicts such as the battles of Stalingrad and Kursk But surrounding these famous events was a daily war of attrition which ultimately ground Hitler's war machine to a halt In this classic account military historian James Lucas examines the Eastern Front from trench warfare to a bicycle mounted antitank unit fighting against the oncoming Russian hordes Told through the experiences of the German soldiers who endured these nightmarish years of warfare War on the Eastern Front is a unique record of this cataclysmic campaign

Myths and Legends of the Eastern Front Boris Sokolov, 2020-01-19 This English translation of the original Russian work is thought provoking challenging the official version of what happened during World War II Firetrench The memory of the Second World War on the Eastern Front still referred to in modern Russia as the Great Patriotic War is an essential element of Russian identity and history as alive today as it was in Stalin's time It is represented as a defining episode a positive historical myth that sustains the Russian national idea and unites the majority of Russian citizens As a result as Boris Sokolov shows in this powerful and thought provoking study the heroic and tragic side of the war is highlighted while the dark side the incompetent negligent and even criminal way the war was run is overlooked Although almost eighty years have passed since the defeat of Nazi Germany he demonstrates that many of the fabrications put forward during the war and immediately afterwards persist into the present day In a sequence of incisive chapters he uncovers the truth about famous wartime episodes that have been consistently misrepresented His bold reinterpretation should go some way towards dispelling the enduring myths about the Great Patriotic War It is necessary reading for anyone who is keen to understand how it continues to be distorted in Russia today

The War on the Eastern Front Alexander Hill, 2021-12-22 The RIA Novosti press agency now known as Sputnik in the West has one of the best archives of Soviet Second World War photographs and for this remarkable book Alexander Hill has made a superb selection of them These striking images record vividly as only photographs can the brutal conflict on the Eastern Front and the extraordinary experience of the soldiers and civilians who were caught up in it Every aspect of the struggle is depicted the fighting on the front lines and behind the lines

aerial combat and naval warfare the ordeal of living under German occupation the war industries and Lend Lease and the massive sacrifices made at every level of Soviet society to defeat the Germans The photographs and captions take the reader through the entire course of the war from the Nazi Soviet Pact and Soviet expansion into Poland Finland and the Baltic Republics through Operation Barbarossa and the German advances of 1941 and 1942 to the momentous battles at Stalingrad and Kursk and the sequence of massive offensives mounted by the Red Army that drove the Wehrmacht back to Berlin The landscapes over which the armies moved and the shattered towns and cities they left behind are recorded as are individuals whose faces were captured by the camera during this devastating conflict over seventy years ago **War of Annihilation**

Geoffrey P. Megargee,2007-10-16 On June 22 1941 Hitler began what would be the most important campaign of the European theater The war against the Soviet Union would leave tens of millions of Soviet citizens dead and large parts of the country in ruins This title provides a concise history of the Germans opening campaign of conquest and genocide in 1941

Stalin's Secret War Rupert Butler,2010 The use of terror has been a characteristic of Russia from the days of the Tsars During the Great Patriotic War Soviet soldiers and citizens feared not only the Germans but the secret police The agents of the NKVD waged a merciless campaign against their own people The full extent of this operation is told in this compelling study *Current Literature* ,1918 *From Moscow to Stalingrad* Yves Buffetaut,2018-04-19 An account of the most crucial period of fighting on the Eastern Front from the defeat of Germany at the gates of Moscow to their crushing loss at Stalingrad The path from Moscow to Stalingrad was littered with successes and losses for both the Red Army and the Wehrmacht culminating in one of the harshest battles of the Second World War Part of the Casemate Illustrated series this volume outlines how it was that less than a year after their defeat at Moscow the German army had found a way to make the Soviet troops waver in their defense with their persistence eventually leading to the Battle of Stalingrad The successful expulsion of the German troops from Moscow in the winter of 1941 came at a cost for the Red Army Weaknesses in the Soviet camp inspired the Wehrmacht under Adolf Hitler s close supervision to make preparations for offensives along the Eastern Front to push the Russians further and further back into their territory With a complex set of new tactics and the crucial aid of the Luftwaffe the German army began to formulate a deadly two pronged attack on Stalingrad to reduce the city to rubble In the lead up to this Timoshenko s failed attack on Kharkov followed by the Battle of Sebastopol in June 1942 prompted Operation Blue the German campaign to advance east on their prized objective This volume includes numerous photographs of the ships planes tanks trucks and weaponry used by both sides in battle alongside detailed maps and text outlining the constantly changing strategies of the armies as events unfolded The wonderful photos and illustrations make this book entertaining New York Journal of Books **The Eastern Front Day by Day, 1941-45** Steve Crawford,2006-10 The warriors the weapons and the furious battles Handbook for Cardiff & district, prepared for the use of the British association, ed. by I.
