Bloggng for Profit 2019 Russell C. James, 2018-11-25

Why nearly 90% of bloggers only make pocket money from their work and how to be part of the top 10% that makes the big bucks. Just a few years ago, I was fired from a law firm I used to work for, was heavily in debt, and was looking for ways to make some side income online. That's around the time I started blogging. And because I really had no other choice, I pushed myself into learning every possible way I could turn my new fitness blog into a money-making machine. So I did what you're probably doing: going through the YouTube videos, reading all the articles, buying all the courses, etc. To my dismay, I encountered the 3 challenges that stop most bloggers from making any significant income online: Information overload, The piles of information on the topic and the analysis paralysis that I got as a result, prevented me from getting anything done. I followed outdated info. The internet evolves rapidly, and what worked in 2018 may not necessarily work in 2019. I lacked a roadmap with a destination. Not knowing what you want and lacking a step-by-step procedure to get there is the perfect recipe for not getting any results at all. Through hard work and dedication, I was able to get past these hurdles and eventually made my first \$5,000 a month a bit over a year later. Today I am a multiple six-figure earner. Because I understand what you're going through, I've written *Bloggng for Profit 2019*. In this book, I have structured an easy-to-follow, step-by-step plan based on up-to-date information that will make you start your journey towards profit on the right foot. In this
