**Summary of Dolores Cannon's Between Death and Life - Conversations with a Spirit** Everest Media,2022-04-15T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 I am a regressionist which is a popular term for a hypnotist who specializes in past life regressions and historical research I have found that many people are afraid of the in between life plane which is called the dead state by regressionists 2 I had to go back and remember my beliefs and thoughts as they were before the light entered I wanted to write books about the people s versions of these historical periods because each unknowingly corroborated the others stories while in deep trance 3 I have found that there is no reason to fear death We subconsciously know what happens and what lies over there We have all gone through it countless times before So in my study of death I have found the celebration of life 4 When death occurs there is a feeling of coldness and then suddenly the spirit is standing by the side of the bed or wherever it is looking at their body They usually can t understand why the other people in the room are so upset because they feel so wonderful
