Creating Sustainable Community Programs Examples Of Collaborative Public Administration:

Creating Sustainable Community Programs Mark R. Daniels,2001-02-28 Public opinion polls consistently reveal the lack of confidence disillusionment and mistrust that citizens feel toward government Daniels and his contributors believe that the relationship between citizens and their governments can be changed by facilitating greater citizen collaboration with government particularly through local sustainable programs As the case studies show often sustainable community programs are created through grassroots movements that are initiated and managed by citizens themselves bringing them in contact with their local elected and appointed officials Unlike traditional programs that are administered by local officials on behalf of their citizens once sustainable community programs are created citizens administer their own programs in collaboration with local officials The case studies look at a variety of sustainable programs primarily in the United States that help to deal with issues such as recycling transportation microcredit site redevelopment pollution health care and hunger Creating Sustainable Community Programs is the first book on sustainable programs that is intended for an audience of public administration scholars researchers and students as well as practitioners who are searching for ways to change the relationship between citizens and their governments **Creating Sustainable Community Programs** Mark Ross Daniels,2001 Handbook of Collaborative Public Management Jack W. Meek,2021-02-26 This insightful Handbook presents readers with a comprehensive range of original research within the field of collaborative public management CPM a central area of study and practice in public administration It explores the most important questions facing collaboration providing insights into future research directions and new areas of study **Democracy's Hidden Heroes** David C. Campbell,2024-04-19 Tells the stories of public managers nonprofit directors and other local leaders who turn deeply rooted governance dilemmas into practical policy results and examines what these stories can teach us about governance and democratic agency The Contribution of Universities Towards Education for Sustainable Development Walter Leal Filho,Thais Dibbern,Salvador Ruiz de Maya,María-del-Carmen Alarcón-del-Amo,Longinos Marin Rives,2024-04-01 The book gathers inputs from universities and research organizations working on matters related to sustainable development in a variety of contexts It also provides a platform for the dissemination of information on the latest initiatives paving the way for technology transfer and networking Furthermore the book intends to provide a fertile basis upon which universities may cooperate more closely in this key area Universities as centers of education research and innovation have a unique position and responsibility in promoting sustainability They can offer degree programs courses and workshops focused on sustainability environmental studies and related fields educating students and the wider community about the principles and challenges of sustainability Also universities can conduct cutting edge research to address sustainability challenges such as climate change resource depletion and biodiversity loss They can develop innovative technologies and solutions that promote sustainable practices in various sectors including energy agriculture transportation and urban planning There is a perceived

need to better understand and engage universities further on sustainability initiatives Against this backdrop and in order to facilitate a broad discussion on the contribution of universities toward sustainability this book is being produced Last but not least a further aim of the book is to present methodological approaches and experiences deriving from case studies and projects which aim to show how sustainability may be incorporated as part of university programs **Young People at the Centre** Jane Foster,Kumi Naidoo,2001 Youth participation is a buzzword in 21st century development When is it a practical instrument of development and when is it mere window dressing This text draws together experiences and views on the subject from agencies and individuals **Urban Research Monitor** ,1998 **Public Administration Review** Leonard Dupee White,2001 Includes section Reviews of books and documents **Managing Innovation and Cultural Management in the Digital Era** Rua-Huan Tsaih,Tzu-Shian Han,2016-01-29 The world class National Palace Museum NPM in Taiwan possesses a repository of the largest collection of Chinese cultural treasures of outstanding quality Through implementing a two organizational restructuring and shifting its operational focus from being object oriented to public centered it aims to capture the attention of people and promote awareness of the culture and traditions of China In this vein the NPM combines its expertise in museum service with the possibilities afforded by Information Technology IT This book analyses the research results of a team sponsored by the National Science Council in Taiwan to observe the development processes and accomplishments and to conduct scientific researches covering not only the technology and management disciplines but also the humanities and social science disciplines The development process of new digital content and IT enabled services of NPM would be a useful benchmark for museums cultural and creative organizations and traditional organizations in Taiwan and around the world *Climate Change/variability Science and Adaptive Strategies for State and Regional Transportation Decision Making* Eric Lindquist,2010 **Icons of Business** Kateri M.
