De Kooning:

Willem de Kooning Nonstop Rosalind E. Krauss, 2016-03-01 In the early 1950s Willem de Kooning's *Woman I* and subsequent paintings established him as a leading member of the abstract expressionist movement. His wildly impacted brushstrokes and heavily encrusted surfaces baffled most critics who saw de Kooning's monstrous female image as violent, aggressive, and ultimately the product of a misogynistic mind. In the image-rich *Willem de Kooning Nonstop*, Rosalind E. Krauss counters this view with a radical rethinking of de Kooning's bold canvases and reveals his true artistic practices. Krauss demonstrates that, contrary to popular conceptions of de Kooning as an artist who painted chaotically only to finish abruptly, he was in fact constantly reworking the same subject based on a compositional template. This template informed all of his art and included a three-part vertical structure: the projection of his male point of view into the painting or sculpture and the near-universal inclusion of the female form, which was paired with her redoubled projection onto his work. Krauss identifies these elements throughout de Kooning's oeuvre, even in his paintings of highways, boats, and landscapes. *Woman I* is always there. A thought-provoking study by one of America's greatest art critics, *Willem de Kooning Nonstop* revolutionizes our understanding of de Kooning and shows us what has always been hiding in plain sight in his work. **De Kooning** Harry F. Gaugh, Willem De Kooning, 1983 Willem de Kooning had a restless probing creativity pushing on from one style to the next. The battle between abstraction and figuration was essential to his art as he moved from the profound black and white abstractions of the 1940s to the ferocious *Women* of the 1950s through the later landscapes and the final lyrical abstractions. This richly illustrated volume offers a perceptive and sympathetic view of an artist who made some of the greatest art of this century. The variety, the inventiveness, the sheer quality of de Kooning's work demand our attention and reward us with visual riches. Book jacket **Willem de Kooning** Carolyn Lanchner, 2011 Willem de Kooning was a pioneering figure among Abstract Expressionists, one of the most influential champions of the dynamic new painting that brought New York to the center of the international scene in the 1950s. This book features ten paintings and drawings by de Kooning selected from The Museum of Modern Art's substantial collection of his work. Together they trace the artist's career, illustrating his much heralded debut exhibition in 1948, his sensational *Woman* series of the 1950s and 1960s, and the serene works he made late in life. An essay by Carolyn Lanchner, a former curator of painting and sculpture at the Museum, accompanies each work, illuminating its significance and placing it in its historical moment in the development of modern art. **De Kooning** John Elderfield, Willem De Kooning, Lauren Mahony, Jennifer Field, Delphine Huisinga, Susan Lake, 2011 This publication offers an unparalleled opportunity to appreciate the development of the artist's work as it unfolded over nearly seven decades, beginning with his early academic works made in Holland before he moved to the United States in 1926 and concluding with his final sparsely abstract paintings of the late 1980s. Willem de Kooning, the First Twenty-six Years in New York Sally Yard, 1986 *Willem De Kooning* Sally Yard, 2007 A leading figure in the emergence of abstract expressionist painting in

New York Willem de Kooning arrived in the United States in 1926 as a twenty two years old stowaway from Holland during the Depression years he was a dedicated visitor to the museums and galleries of Manhattan and did a brief stint as a WPA painter which was curtailed because he was not a citizen With resolute determination de Kooning ventured beyond the radical departures of cubism toward the visceral physicality of the abstractions that comprised his first one person exhibition in 1948 Five years later an exhibition of women painted in aggressive lashing gestures stunned contemporaries not only for the vehemence of the artist s attack but also for the evident reversal of direction yet across six decades the alternation and intertwining of abstraction and figuration remained fundamental to de Kooning s work 130 illustrations *De Kooning, 1969-78* Willem De Kooning, Jack Cowart, Sanford Sivitz Shaman, 1978 Willem de Kooning David Cateforis, 1994 Willem de Kooning Willem De Kooning, Julie Sylvester, David Sylvester, 2006 *Willem de Kooning, 1904-1997* Barbara Hess, Willem De Kooning, 2004 Dutch born American painter Willem de Kooning 1904 1997 was a leader of the Abstract Expressionist movement This text takes a look at his life and work de Kooning Mark Stevens, Annalyn Swan, 2006-04-04 Winner of the Pulitzer Prize and National Book Critics Award Circle Award An authoritative and brilliant exploration of the art life and world of an American master Willem de Kooning is one of the most important artists of the twentieth century a true painter s painter whose protean work continues to inspire many artists In the thirties and forties along with Arshile Gorky and Jackson Pollock he became a key figure in the revolutionary American movement of abstract expressionism Of all the painters in that group he worked the longest and was the most prolific creating powerful startling images well into the 1980s The first major biography of de Kooning captures both the life and work of this complex romantic figure in American culture Ten years in the making and based on previously unseen letters and documents as well as on hundreds of interviews this is a fresh richly detailed and masterful portrait The young de Kooning overcame an unstable impoverished and often violent early family life to enter the Academie in Rotterdam where he learned both classic art and guild techniques Arriving in New York as a stowaway from Holland in 1926 he underwent a long struggle to become a painter and an American developing a passionate friendship with his fellow immigrant Arshile Gorky who was both a mentor and an inspiration During the Depression de Kooning emerged as a central figure in the bohemian world of downtown New York surviving by doing commercial work and painting murals for the WPA His first show at the Egan Gallery in 1948 was a revelation Soon the critics Harold Rosenberg and Thomas Hess were championing his work and de Kooning took his place as the charismatic leader of the New York school just as American art began to dominate the international scene Dashing handsome and treated like a movie star on the streets of downtown New York de Kooning had a tumultuous marriage to Elaine de Kooning herself a fascinating character of the period At the height of his fame he spent his days painting powerful abstractions and intense disturbing pictures of the female figure and his nights living on the edge drinking womanizing and talking at the Cedar bar with such friends as Franz Kline and Frank O Hara By the 1960s exhausted by the feverish art world he retreated

to the Springs on Long Island where he painted an extraordinary series of lush pastorals In the 1980s as he slowly declined into what was almost certainly Alzheimer s he created a vast body of haunting and ethereal late work **Willem de**
