Direct Road To Music

James Lockhart Mursell

Direct Road To Music:

Music and Religious Education in Early Modern Europe, 2023-03-13 Exploring the nexus of music and religious education involves fundamental questions regarding music itself its nature its interpretation and its importance in relation to both education and the religious practices into which it is integrated This cross disciplinary volume of essays offers the first comprehensive set of studies to examine the role of music in educational and religious reform and the underlying notions of music in early modern Europe It elucidates the context and manner in which music served as a means of religious teaching and learning during that time thereby identifying the religio cultural and intellectual foundations of early modern European musical phenomena and their significance for exploring the interplay of music and religious education today Principles of Musical Education James Lockhart Mursell,1927 **Some Essentials in the Teaching of Music** Frank Damrosch,1916 **Mind and Body**,1898 *The Musical Herald and Tonic Sol-fa Reporter*,1897 **On Method in Teaching** Tobias Matthay,1921 **Dwight's Journal of Music**,1873 **Dwight's Journal of Music** John Sullivan Dwight,1875 **The Ladies' Cabinet of Fashion, Music & Romance**,1868 The Musical Times and Singing-class Circular,1854 Up-to-the-minute jazz breaks, tricks, blues, endings, etc Art Shefte,1927 **The Synergy of Film and Music** Peter Rothbart,2013 Although writers on film music frequently allude to specific parts of scores comprehensive examinations of entire scores are rare In addition most analyses of scores composed for the screen are discussed outside their cinematic context To best understand the role music plays in the production of a motion picture however it benefits the viewer to consider all of the elements that comprise the film experience In *The Synergy of Film and Music Sight and Sound in Five Hollywood Films* Peter Rothbart considers the aural and visual aspects of five representative films *West Side Story Psycho Empire of the Sun Altered States* and *American Beauty* For each film the author demonstrates how a variety of elements work together to create a singular experience After reviewing the various roles that music can serve in a film as well as providing an overview of the film scoring process Rothbart looks at each film examining them one musical cue at a time so the reader can watch the film while reading about each cue In these analyses timecode markings from commercial DVDs are provided in the margins alongside the text which allow the reader to correlate the on screen drama to the second Rothbart explains how music is used in a specific cue and why the decision was made to use that particular musical idea at that moment Consequently film music aficionados as well as students and composers of film music can gain real world perspective of how music is used in conjunction with other elements In this way the author raises awareness of music's relationship to virtually every other aspect of cinema dialogue sound effects costuming set design and cinematography to deepen the viewer's experience Written in a deliberately nontechnical way this book is intended for anyone interested in film to easily follow along At the same time the information can benefit professional filmmakers or composers because they can see with great detail how each cue unfolds along with all of the visual elements of the film This unique analysis makes *The Synergy of Film*

and Music a fascinating and instructive volume that both casual viewers and students of cinema will appreciate *The Musical Times & Singing-class Circular*, 1912 **How Music Grew** Marion Bauer, 1925 The book is divided into five parts corresponding to so many stages of human life Babyhood Childhood Music becomes a youth Music comes of age Music has grown up **Music** William Smythe Babcock Mathews, 1896 **Musical times and singing-class circular**, 1895 The Progressive Teacher and Southwestern School Journal, 1919 **The Musical Standard**, 1875 **Etude** Theodore Presser, 1906 Includes music *Musical Opinion and Music Trade Review*, 1921
