Bible Codes Messages:

Bible Codes & Messages William Schlegl,1989 **The Coming of Jesus** Bonnie Gaunt,1999 The Codes or Gematria of the Bible are decided to reveal predictions of the first coming of Jesus as a child born in Bethlehem of his second coming and of earth s great millennium Readers will be fascinated by the magnificent journey revealed by The Coming of Jesus a journey that transports them from the biblical era to the present day The author also demonstrates that the time line for the fulfilment of end time prophecies is encoded within the prophecies themselves The book shows how clues to the coming Golden Age exist in the pyramids Stonehenge the Bible and other ancient texts **God Code** Timothy P. Smith,2017-04-04 The book that inspired the major History Channel special God Code shows there is more to the Bible than meets the eye messages from God hidden for ages now revealed by modern computer technology In God Code antiquities expert Timothy P Smith reveals his decades long quest to understand the complex messages he discovered in an ancient Hebrew manuscript of the Bible This painstaking search involves adventure and mystery but instead of consulting ancient maps to find buried treasure Smith relied on the data calculation power of modern technology His quest shows how Scripture is more amazing than we ever dreamed and that it may even reveal the future of generations living today God Code reveals An encrypted code in Genesis in the oldest known Hebrew text of the Old Testament that predicted the birth and resurrection of Jesus Scientific evidence that this encrypted code was authored by the divine hand of God Signs that there are more encrypted codes in this same Hebrew text that will lead to additional messages from God to humanity Hidden clues that may lead to the location of long missing sacred artifacts such as the Ark of the Covenant Insights on why Smith was chosen to uncover this encrypted code A dire warning that God wants us to hear and heed In the companion History Channel series the author travels across continents in search of artifacts missing since Bible times clues to their location revealed in God Code Previously published as The Chamberlain Key **Bible Code Bombshell** R. Edwin Sherman,2005 Explosive evidence that Bible codes point to the life of Christ When Ed Sherman a mathematician with 30 years of experience and Nathan Jacobi an Israeli physicist set out to debunk claims that there were mysterious codes in the Hebrew Old Testament they could not have envisioned the startling conclusions they would reach As Dr Jacobi an agnostic Jew looked for lengthy Hebrew codes about Christ repeatedly he discovered compelling excerpts from the life of the man from Nazareth Time and again Dr Jacobi found that one or two word codes were actually part of much longer encoded sentences that echoed the Gospel accounts Moreover these encoded sentences were extensively embedded in two passages most widely regarded as prophecies of the crucifixion of Christ Isaiah 53 and Psalms 22 Bible Code Bombshellsets forth startling new evidence that code sequences in Scripture are irrefutable evidence of a Divine hand In this highly readable book Sherman offers both skeptics and believers a gold mine of information that will prompt much thinking about the origins of the Bible Unlike other Bible code books this unique book features codes that are phrases and sentences and not just one or two word codes The only code book by researchers that are

internationally recognized mathematicians and statistical experts Responds directly and accurately to Bible code critics

Decoding the Bible Code John Weldon, Clifford A. Wilson, Dr. Barbara Wilson, 1998 The authors of the blockbuster book The Bible Code claim that God inserted hidden prophetic messages within the original Hebrew letters of the Old Testament Their claims have been hailed by many as a new revelation from God But does The Bible Code hold up to scrutiny In this well researched response best selling authors John Weldon and Clifford Wilson explain the mechanics of the code in layman s terms examining its use and message The authors show how simple it is to manipulate words to create almost any message and how the core themes presented in The Bible Code are consistent with the teachings of most cults
