Complete Guide to Medicare, 1995-01-01 *The Publishers' Trade List Annual*, 1967 Medicare for Beginners June Corder, 2021-08-12 Medicare is not a welfare program and should not be confused with Medicaid. The income and assets of a Medicare beneficiary are not a consideration in determining eligibility or benefit payment. Medicare is a national program and procedures should not vary significantly from state to state. Coverage under Medicare is similar to that provided by private insurance companies; it pays a portion of the cost of medical care. Often deductibles and co-insurance partial payment of initial and subsequent costs are required of the beneficiary. This guide will show you how to be eligible for Medicare; you will also be shown how to apply and enroll for Medicare.
