Complete Guide To Performance Standards For Library Personnel:

The Complete Guide to Performance Standards for Library Personnel Carol F. Goodson, 1997 US origin Rating library employees *Complete Guide to Performance Standards for Library Personnel, The (9781555702625) (IBS-KLIBF08)*. Goodson, 1997 **The American Public Library Handbook** Guy A. Marco, 2011-11-29 A detailed reference work that documents every aspect of the American public library experience through topical entries statistics biographies and profiles The American Public Library Handbook is the first reference work to focus on all aspects of the American public library experience providing a topical perspective through comprehensive essays and biographical information on important public librarians Based upon the author's own notes and extensive experience as well as library periodicals library reference books monographs textbooks Internet sources and correspondence with individual libraries this book comprises nearly 1 000 entries addressing all aspects of public library service Each topical essay considers terminology of the area covered its historical context and current concerns and issues Biographies highlight the philosophical perspective of the individuals covered while entries on specific libraries present timely data and interesting facts about each facility This unique handbook also offers up to date statistics historical highlights and information about programs and events of individual libraries

Library Services for Open and Distance Learning Marie Kascus, ALEXANDE L. SLADE, 2000-06-15 As the electronic era blurs the boundaries between conventional and distance education and between remote and in person library users the literature on library issues and distance learning has proliferated immensely This work helps you keep abreast of the phenomenal changes taking place in the field of education and the issues they raise for libraries Identifying and describing more than 750 works published since its precursor was completed in 1995 the book provides a comprehensive record of the current literature about distance and open learning in post secondary education programs The authors cover all types of materials from around the world ranging from brief news items to major research reports and dissertations In this edition special emphasis is given to web based distance education Access is provided through four indexes author geographical institution and subject and indexes are cumulative from the previous two bibliographies **Resources in Education**, 1997
