Design For Society:

Design for Society Nigel Whiteley,1997-06-01 Although design has become eminently newsworthy among the general public in our society there is very little understanding to be found of the values and implications that underlie it Design generates much heat but little light we live in a world that h

Designing for Society Nynke Tromp,Paul Hekkert,2018-12-27 Our globalised world is encountering problems on an unprecedented scale Many of the issues we face as societies extend beyond the borders of our nations Phenomena such as terrorism climate change immigration cybercrime and poverty can no longer be understood without considering the complex socio technical systems that support our way of living It is widely acknowledged that to contend with any of the pressing issues of our time we have to substantially adapt our lifestyles To adequately counteract the problems of our time we need interventions that help us actually adopt the behaviours that lead us toward a more sustainable and ethically just future In *Designing for Society* Nynke Tromp and Paul Hekkert provide a hands on tool for design professionals and students who wish to use design to counteract social issues Viewing the artefact as a unique means of facilitating behavioural change to realise social impact this book goes beyond the current trend of applying design thinking to enhancing public services and beyond the idea of the designer as a facilitator of localised social change
