Creating Country Music Fabricating Authenticity:

Creating Country Music Richard A. Peterson, 2013-04-26 In *Creating Country Music* Richard Peterson traces the development of country music and its institutionalization from Fiddlin' John Carson's pioneering recordings in Atlanta in 1923 to the posthumous success of Hank Williams. Peterson captures the free-wheeling entrepreneurial spirit of the era, detailing the activities of the key promoters who sculpted the emerging country music scene. More than just a history of the music and its performers, this book is the first to explore what it means to be authentic within popular culture. Peterson restores to the music a sense of fun and diversity and possibility that more naive fans and performers miss. Like Buck Owens, Peterson knows there is no greater adventure or challenge than to act naturally. Ken Emerson, *Los Angeles Times Book Review*. A triumphal history and theory of the country music industry between 1920 and 1953. Robert Crowley, *International Journal of*

Comparative Sociology. One of the most important books ever written about a popular music form. Timothy White, *Billboard Magazine*.

Country Music Annual 2001 Charles K. Wolfe, James E. Akenson, Arthur Penn. American Director

is the comprehensive biography of one of the twentieth century's most influential filmmakers. Thematic chapters lucidly convey the story of Penn's life and career as well as pertinent events in the history of American film, theater, and television. In the process of tracing the full spectrum of his career, Arthur Penn reveals the enormous scope of Penn's talent and his profound impact on the entertainment industry in an accessible, engaging account of the well-known director's life. Born in 1922 to a family of Philadelphia immigrants, the young Penn was bright but aimless, especially compared to his talented older brother Irving, who would later become a world-renowned photographer. Penn drifted into directing but he soon mastered the craft in three mediums: television, Broadway, and motion pictures. By the time he made *Bonnie and Clyde* (1967), Penn was already a Tony-winning Broadway director and one of the prodigies of the golden age of television. His innovative handling of the story of two Depression-era outlaws not only challenged Hollywood's strict censorship code, it shook the foundation of the studio system itself and ushered in the film revolution. His next films, *Alice's Restaurant* (1969), *Little Big Man* (1970), and *Night*

Movies from 1975 became instant classics summoning emotions from shock to sensuality and from confusion to horror all of which reflected the complexity of the man behind the camera The personal and creative odyssey captured in these pages includes memorable adventures in World War II the chaotic days of live television the emergence of Method acting in Hollywood and experiences with Marlon Brando Anne Bancroft Warren Beatty William Gibson Lillian Hellman and a host of other show business legends
