A Call For Freedom:

A Call for Freedom Bryan Curtis, 2002-05-15 Liberty when it takes root is a plant of rapid growth George Washington Freedom is something to work for something to celebrate something to boast about and something to treasure A Call for Freedom is a collection of more than 200 quotes from the Presidents of the United States celebrating freedoms we enjoy and hopefully do not take for granted This is a wonderful gift book for parents and grandparents to give children to impart to them how fortunate we are to be free men and women Those who deny freedom deserve it not for themselves and under a just God cannot long retain it Abraham Lincoln Peace is more than just the absence of war True peace is justice True peace is freedom And true peace dictates the recognition of human rights Ronald Reagan **Onward to Freedom, a Call to the People of South Africa** Yusuf Mohammed Dadoo, 1952 *Pure Thought: the Reign of Jesus Christ* Arch-Preacher John Wesley Ellis I, 2011-11-28 Lord God in the name of Jesus Christ I thank you for being so good and kind to all of the people Even though chastening may seem to be unbearable sometimes it is for the good of all I understand that a loving Father will do many things to keep His children from going astray Lord we ask you to heal the wounds of our past and to keep us from being wounded in the future Our nation is in great trouble and we need your help The politicians do not have an answer and are so confused Please give the leaders of our country the knowledge to repent **The Freedom Transmissions** Carissa Schumacher, 2021-11-30 Channeled Transmissions from Yeshua offering evolved authentic and original wisdom for the deepest realization of truth love and peace through balance liberation and transcendence from the burdens that anchor us to suffering and fear As a child Carissa Schumacher was told by an angelic presence that she would be a channel for Yeshua of Nazareth She did not know what that meant at the time nor the impact it would eventually have on her life and countless others After devoting much of her life to service as an intuitive guide and spirit medium in late 2019 Yeshua's Divine Presence suddenly came through her channel for the first time Over the next months Yeshua shared his timely universal and revelatory messages The Freedom Transmissions is the result This singular book offers a pathway to peace by following the Four Elements of Balance Simplicity Stability Surrender and Stillness When we embody these four energies we create and attract the most abundance nourishment joy and flow to our lives The Freedom Transmissions unburdens us from unnecessary suffering strengthens our faith and sense of wholeness and restores balance and peace reminding us that we are One with the Divine The joy of these Transmissions is that they are for all people and not just some people on the basis of beliefs or dogma Yeshua welcomes in all people who come in humility and a genuine desire to find and know self as One with God This essential text encourages us to choose Faith over Fear Forgiveness over Blame Freedom over Suppression and ushers us from the era of division and polarity to an era of co creation transparency compassion and equality *The Foundations of Freedom, the Land and the People*, 1912 **Our Stories** John Martin Fischer, 2009-05-06 In this collection of essays on the metaphysical issues pertaining to death the meaning of life and freedom of the will John Martin Fischer argues

against the Epicureans that death can be a bad thing for the individual who dies He defends the claim that something can be a bad thing a misfortune for an individual even if he never experiences it as bad and even if he does not any longer exist Fischer also defends the commonsense asymmetry in our attitudes toward death and prenatal nonexistence we are indifferent to the time before we are born but we regret that we do not live longer Further Fischer argues against the immortality curmudgeons such as Heidegger and Bernard Williams that immortal life could be desirable and shows how the defense of the possible badness of death and the possible goodness of immortality exhibit a similar structure on Fischer's view the badness of death and the goodness of life can be represented on spectra that display certain continuities Building on Fischer's previous book *My Way* a major aim of this volume is to show important connections between issues relating to life and death and issues relating to free will More specifically Fischer argues that we endow our lives with a certain distinctive kind of meaning an irreducible narrative dimension of value by exhibiting free will Thus in acting freely we transform our lives so that our stories matter

Freedom, Resentment, and the Metaphysics of Morals Pamela Hieronymi, 2020-05-26 An innovative reassessment of philosopher P F Strawson's influential *Freedom and Resentment* P F Strawson was one of the most important philosophers of the twentieth century and his 1962 paper *Freedom and Resentment* is one of the most influential in modern moral philosophy prompting responses across multiple disciplines from psychology to sociology In *Freedom, Resentment and the Metaphysics of Morals* Pamela Hieronymi closely reexamines Strawson's paper and concludes that his argument has been underestimated and misunderstood Line by line Hieronymi carefully untangles the complex strands of Strawson's ideas After elucidating his conception of moral responsibility and his division between reactive and objective responses to the actions and attitudes of others Hieronymi turns to his central argument Strawson argues that because determinism is an entirely general thesis true of everyone at all times its truth does not undermine moral responsibility Hieronymi finds the two common interpretations of this argument the simple Humean interpretation and the broadly Wittgensteinian interpretation both deficient Drawing on Strawson's wider work in logic philosophy of language and metaphysics Hieronymi concludes that his argument rests on an implicit and previously overlooked metaphysics of morals one grounded in Strawson's social naturalism In the final chapter she defends this naturalistic picture against objections Rigorous concise and insightful *Freedom, Resentment and the Metaphysics of Morals* sheds new light on Strawson's thinking and has profound implications for future work on free will moral responsibility and metaethics The book also features the complete text of Strawson's *Freedom and Resentment*
