Business Canadian Environment

Peter Harry Fuhrman

Business Canadian Environment:

The Canadian Environment in Political Context, Second Edition Andrea Olive, 2019-08-20 The Canadian Environment in Political Context uses a non technical approach to introduce environmental politics to undergraduate readers The second edition features expanded chapters on wildlife water pollution land and energy Beginning with a brief synopsis of environmental quality across Canada the text moves on to examine political institutions and policymaking the history of environmentalism in Canada and other crucial issues including Indigenous peoples and the environment as well as Canada's North Enhanced with case studies key words and a comprehensive glossary Olive's book addresses the major environmental concerns and challenges that Canada faces in the twenty first century

The Canadian Environment in Political Context, Third Edition Andrea Olive, Heather Millar, 2025-05-31 The Canadian Environment in Political Context offers an accessible introduction to environmental politics for undergraduate readers The third edition features new chapters on environmentalism climate governance biodiversity and oceans while also integrating key topics such as political economy and environmental justice into the existing twelve chapter structure The book begins with an overview of environmental quality across Canada and then examines the political institutions and policymaking processes that shape the country's environmental landscape It traces the history of environmentalism in Canada and explores critical contemporary issues including Indigenous perspectives environmental justice and the unique challenges facing the North Enhanced with case studies key terms and a comprehensive glossary this new edition provides a thorough foundation for understanding the major environmental challenges of the twenty first century

Environmental Governance and Decentralisation Albert Breton, 2008-01-01 This book examines how different countries define and address environmental issues specifically in relation to intergovernmental relations the creation of institutions the assignment of powers and the success of alternative solutions It also investigates whether a systemic view of the environment has influenced the policy making process The broad perspective adopted includes a detailed analysis of seventeen countries in six continents by scholars from a range of disciplines economics political science environmental science and law thus producing novel material that moves away from the conventional treatment of decentralisation and the environment in economic literature Providing a comprehensive and up to date analysis of environmental governance worldwide this book will be of great interest to researchers and students in environmental economics environmental politics governance and decentralisation It will also appeal to practitioners and policymakers with responsibilities over the environment
