Breast cancer is a disease requiring multidisciplinary management including surgery medical and radiation oncology

radiology pathology nuclear medicine genetic counseling and psychological support Each member of the team needs to be

updated continuously on breast cancer treatment because of its rapidly changing nature From the diagnostic procedures to

operations and even in metastatic stages of breast cancer surgeons play an essential part in multidisciplinary teams After

standard surgical options oncoplastic breast surgery is rapidly becoming one of the most important surgical topics that

should be learned by attending surgeons The idea of writing this book stemmed from a collaboration between the European

Academy of Senology EAoS European Institute of Oncology IEO Euro Asian Society of Mastology ESOMA and SENATURK

Turkish Academy of Senology which have been working together to promote better training in breast care for professionals

The book offers invaluable support for breast surgeons by covering critical and essential information in senology It will also
