

For MY DAUGHTER in HEAVEN

They say there is a reason,
They say time will heal.
Neither time nor reason
Will change the way I feel.
Gone are the days
We used to share,
But in my Heart you are
always there.
The gate of memories
will never close
I miss you more than
anybody knows,
love and Miss you everyday
Till we meet Again..
ALWAYS & FOREVER LOVE YOU

Constituting Gender Through Talk in Childhood Amy Sheldon,2019-03-05 This issue explores some of the ways in which gender as a social construction might be rooted in and contingent on conversational processes in childhood The interconnections between language and gender in three key developmental sociolinguistic contexts are examined talk between parent and child talk among friends and talk between siblings When children learn to speak a language they also learn to use it in ways that can reflect resist or ignore their culture s norms of acceptable feminine and masculine behavior The authors of these articles explore the concept of talk as a medium in which both young children and the adults in their world do gender This collection should act as a springboard for more thinking about ways to untangle gender and context and to show their interconnectedness as well
