

# ENGAGEMENT AREA DEVELOPMENT CHECKLIST

## PURPOSE

An engagement area is the pre-sighted terrain where a friendly force plans to engage and destroy the enemy. Effective engagement areas are vital for the execution of defensive operations.

### 1. Identify Enemy Avenue of Approach

- How can the enemy get close based on the lay of the land?
- Where or what is the key and decisive terrain?
- Where are the covered, or concealed routes towards our position?

### 2. Determine Likely Enemy Scheme of Manoeuvres

- What is the enemy intent, and doctrinal or previous attack patterns?
- Where are their recon positions, assembly areas, and forming up points?
- Where are they most likely to breach, and in what formation?

### 3. Determine Where to Kill the Enemy

- Does the EA cover the enemy approach route and make advantageous use of terrain?
- Does the EA match weapon capabilities and max effective ranges?
- Have I sighted sectors of fire, target reference points, and trigger lines?

### 4. Emplace Weapon Systems

- Do crew-served weapons have primary and secondary tasks, and alternate positions?
- Do all weapons achieve interlocking, and mutually supporting sectors of fire?
- Have I synchronized the engagement plan with direct fire and explosive weapons?

### 5. Plan and Integrate Obstacles

- Does the natural terrain funnel enemy into my kill zones?
- Have I emplaced protective obstacles—wire, ditches, mines?
- Are all obstacles (man made or natural) covered by fire?

### 6. Plan and Integrate Indirect Fires

- Are long range, close range, and final protective fires targets registered?
- Have trigger points, and observer locations been deconflicted?
- Is indirect fire integrated with the obstacle and direct fire plan?

### 7. Conduct Rehearsals

- Have radio/canvans been tested, and verbal control measures practiced?
- Has the counter-generation drill been rehearsed?
- Have teams rehearsed withdrawal to alternate positions?
