Bank Job:

Bank Job Steve Brewer,2005 An amateur crime spree takes a turn in the piney woods of far northern California *Bank Job* Hilary Powell,Daniel Edelstyn,2020-09-30 Art hacks life when two filmmakers launch a project to cancel more than 1m of high interest debt from their local community Bank Job is a white knuckle ride into the dark heart of our financial system in which filmmaker and artist duo Hilary Powell and Dan Edelstyn risk their sanity to buy up and abolish debt by printing their own money in a disused bank in Walthamstow London Tired of struggling in an economic system that leaves creative people on the fringes the duo weave a different story both risky and empowering of self education and mutual action Behind the opaque language and defunct diagrams they find a system flawed by design but ripe for hacking This is the inspiring story of how they listen and act upon the widespread desire to change the system to meet the needs of many and not just the few And for those among us brave enough they show how we can do this too in our own communities one bank job at a time
