major poems and essays Whitman viewed American English as the most expressive poetic language that ever existed and he used his studies of historical linguistics to corroborate that view Part 1 explicates the theory of language that Whitman developed in his linguistic notebooks unpublished manuscripts fugitive essays and two chapters of the popular book *Rambles Among Words* The diction and syntax of the 1855 1856 editions of *Leaves of Grass* are analyzed to show how Whitman's overwhelming interest in language theories resulted in the language experiment of the poems Part 2 examines the ways in which Whitman's view of language as an expression of the constantly evolving spirit of America subtly shifted to a more cumulative backward looking vision of linguistic and spiritual change Analysis of the diction syntax and organization of the last four editions of *Leaves of Grass* reveals how this shift in vision affected the style of Whitman's poetry and prose from 1860 to 1892 Whitman's groundbreaking poetic style the author concludes was a direct consequence of his view of language and the human spirit as dynamic progressivist and actively changing within a temporal world Conversely Whitman's experiments in both prose and poetry helped confirm his view of linguistic and spiritual evolution
