

What is Critical Viewing?

When we talk about “critical viewing,” we’re not talking about “criticizing” a -program. Viewing “critically” means that you and your family are making yourselves aware of the program or commercial and all of its elements — content and plot, message, gender and ethnic portrayals, background music, camera angles, lighting and so on. Critical viewing allows you and your children to gain a little emotional and mental distance from the program and have more control over its impact on you.
